Master in Technological Innovation in Health (MTiH)

About EIT Health

EIT Health is a network of best-in-class health innovators backed by the EU. We collaborate across borders to deliver new solutions that can enable European citizens to live longer and healthier lives. As Europeans tackle the challenge of increasing chronic diseases and multi-morbidity, and seek to realize the opportunities that technology offers to move beyond conventional approaches to treatment, prevention and healthy lifestyles, we need thought leaders, innovators and efficient ways to bring innovative healthcare solutions to market.

About EIT Health Campus

EIT Health Campus connects all relevant healthcare players across European borders – making sure to include all sides of the “knowledge triangle”, so that innovation can happen at the intersection of research, education and business for the benefit of citizens.
To apply please check each partner university’s website or visit our website at: https://www.eithealth.eu/degree-programmes
